

Facility Time & Material Services

T&M Services to Sustain Your Facilities

Source One offers the flexibility to engage in any phase of the Lifecycle for Plan, Build and Operate phases of facilities with skill levels from apprentice to journeyman and expert (licensed) skills across our Lifecycle Services.

Management of S1 360 Facility T&M Services are enabled by Pro-Manage – Facilities Management. Each client, is assigned a management TEAM with Single Point of Contact for both Projects and T&M Services.

Source One T&M Services enable:

- Quality service delivery
- Reduce cost out of project or task
- Lower operational and management cost
- Improve internal customer satisfaction
- Reduce project time
- Reduce risk
- Lower TCO
- Process improvement
